

Partnering to
maximize your
pharmacy operations

Advocate Rx Managed Services

As the largest Fortune 30-owned, pharmacy-exclusive staffing agency in the nation, we are positioned to provide more than just a great staff.

Our team of pharmacy experts takes a consultative approach to not only ensure that you have the right people in place, but that your staff is positioned to optimize financial performance, patient safety and accreditation preparedness. That's why health systems rely on us to deliver services that match specific needs and enhance operational success.

Solutions that give you results:

Insourcing helps you transition your outsourced pharmacy to a self-reliant model.

Outsourcing expertise to transfer the management and/or day-to-day execution of your pharmacy to a fully transparent external model.

Medication Tracking provides the staff and technology you need to implement unit-dose packaging and barcode labeling by establishing and operating a service to support dockside to bedside scanning initiatives.

Leadership and Staffing offers the long-term or short-term personnel you need to run your pharmacy efficiently and effectively.

Through our managed services solutions we provide leadership and staffing expertise to help your pharmacy:

- Improve patient safety
- Optimize pharmacy operations
- Implement new technology
- Manage pharmacy projects
- Secure pharmacy leadership and staff

Advocate Rx Staffing Solutions

More Options. More Solutions. More reasons to call Advocate Rx.

Advocate Rx Solutions® can help support your pharmacy operations and staffing needs through a choice of insourcing and outsourcing options. We're here to provide the leadership and direction you need to operate effectively and maximize your profitability and patient-care focus.

Solution Options:

Insourcing

- Implement a plan and timeline to ensure a smooth transition
- Assess and minimize the impact of the transition process
- Provide interim leadership and staff
- Establish wholesaler, GPO and other supply chain relationships
- Develop and implement policies, procedures, clinical programs and sustainability metrics

Outsourcing

- Provide short- or long-term pharmacy management and on-site leadership
- Deliver solutions for all operational personnel
- Provide leadership in accreditation support activities
- Offer solutions for clinical programs and patient-care initiatives

Medication Tracking

- Deliver all technology and consumables needed to achieve bar-coding requirements
- Provide staff to manage and operate the service
- Establish a per-dose reimbursement structure, eliminating the capital funding typically required

Leadership and Staffing

- Long-term and interim pharmacy leadership and staff personnel to operate within the pharmacy
- Recruitment and placement for direct hires and open positions

Our industry-specific focus allows us to offer you the expertise and connections other agencies just can't match.
